

## *The Vineyard Sites*

### *Goddard Ranch*

Purchased by Charles and Helen Bacigalupi in 1956 this ranch is the homestead of the Bacigalupi family and the oldest ranch that we farm. With stewardship of this site for over a half a century this vineyard includes the Paris tasting block of Chardonnay. This Chardonnay, planted to an old Wente clone is the main source for the legendary 1973 Chateau Montelena Chardonnay that won the 1976 Paris Tasting and helped to put the California wine industry on the map.

Total Acres: 120

*Chardonnay Block #6 Wente Clone*

### *Bloom Ranch*

Originally planted as a walnut orchard in the early 1960's the family bought the property in 1973. Now solely planted to Chardonnay this vineyard's proximity to the Russian River provides an optimum growing environment.

Total Acres: 80

*Chardonnay Block B Clone 4*

### *Frost Ranch*

Located a stone's throw away from the Russian River Valley this vineyard site is the source of the John Tyler Zinfandel and Pinot Noir. Bought by the Bacigalupi Family in 1990 this area is known for its unique climate; cool mornings and warm afternoons. There are 6 clones of Pinot Noir planted here including Pommard, Wente, Wadonsville and several types of the Dijon clone. Also planted here is the Old Vine Zinfandel block planted in the 1970's as well as several acres of Foppiano clone Petite Sirah.

Total Acres: 60

*Zinfandel- Old Vine Block*

### *Alexander Valley Ranch*

Originally purchased in 1983 the Alexander Valley's variety of microclimates support the growth of many wine grape varieties. Long, warm days create an environment that enables noble red varieties to excel. Currently planted to Petite Sirah and Zinfandel.

Total Acres: 15

*Petite Sirah- Foppiano Clone*
